SOFT SKILLS:

Mentorship | Teaching | Effective Communication | Creative

---------------------- WORK EXPERIENCE ----------------------

Coding Temple

Software Engineering Instructor   NOV 2023 – NOW [Remote]

Dedicated to fostering a dynamic learning environment. Actively engages in regular instructional sessions and contributes to curriculum development.

Utilizes effective teaching methodologies to convey complex software engineering concepts to diverse audiences. Incorporates real-world applications and hands-on projects to enhance student comprehension and practical skills.

Collaborates closely with instructors and quality assurance professionals to refine course content and ensure alignment with industry standards. Implements innovative teaching strategies to address diverse learning styles and adapt to evolving technologies.

Enthusiastically guides students through coding exercises, debugging challenges, and collaborative projects. Provides constructive feedback to facilitate individual growth and development within the field. Consistently receives positive evaluations from students and peers..

Venus SD

Full Stack Developer   **APR 2021 – SEP 2023 [Remote]**

Full-stack developer creating APIs, websites, and databases for clients. Expert in customized solutions, seamless integration, and data management.

Designed and implemented solutions, resulting in a valuable product.
Collaborated closely with clients to understand their needs and delivered solutions, ensuring high quality results.

Technologies Used:

JavaScript | EJS | CSS | PostgreSQL | HTML | CSS | Python | TensorFlow |
Trading APIs (MetaTrader, Binance API)

Alorica

Content Moderator   **AUG 2022 – DIC 2023 [Remote]**

Multilingual content moderator ensuring safe online environments. Works in English, Spanish and Portuguese. Active participation in frequent meetings.

Engineered and implemented policies, resulting in a safe environment.
Collaborated closely with team managers and QAs to understand requirements and delivered solutions, ensuring high client satisfaction.

Venus SD

Programming teacher   **JUN 2022 – AUG 2023 [Hybrid]**

Mentoring people from all ages to grow their knowledge and passion for programming. Designed and implemented slides, activities and projects resulting in a fast learning system.

Subjects taught:

- Introduction to Programming (Pseudocode, Flowcharts, Python)
- Principles of Web Development (JavaScript, HTML, CSS)
- Database I & II (MySQL, PostgreSQL)
- Introduction to Machine Learning (Python)

Keller Williams

IT Support   **MAR 2023 – JUL 2023 [Hybrid]**

Experienced IT support professional for a real estate agency. Skilled in troubleshooting, network management, and optimizing productivity. Dedicated to exceptional customer service and seamless technology integration.

Big Paw Games

Game Designer   **APR 2020 – AUG 2021 [Hybrid]**

Skilled in RPG Maker and Unity. Expert in crafting immersive gameplay, captivating narratives, and engaging characters.

Proficient in game mechanics, system implementation, and player progression.

Restaurants and hotels

Customer service   **2019 – 2021 [On-site]**

Customer service in diverse companies as waitress and host.

Prioritize guest satisfaction, fostering loyalty and positive reviews. Communicate effectively, resolving issues and ensuring a seamless experience. Adapt to fast-paced, dynamic environments. Collaborate with diverse teams to deliver exceptional service consistently. Understand the importance of attention to detail, anticipating guest needs

---------------------- EDUCATION ----------------------

University Of the People   **Brazil   2024**
Bachelor in Computer Science | Expected Graduation Date: 2028
Relevant Coursework: Engineering, Computer Science

IAE   **Colonia, Uruguay   2023**
Software Engineering | Expected Graduation Date: 2025
Relevant Coursework: Engineering, Software Development

CEI   **Maldonado, Uruguay   2021**
Analyst Programmer | Expected Graduation Date: 2024
Relevant Coursework: Engineering, Software Development

Globant   **Uruguay   2023**
Quality Engineering | Graduation Date: 2023
Relevant Coursework: Engineering, QE

Dickens Institute   **Uruguay   2009 - 2017**
English Language | Graduation Date: 2017

---------------------- CERTIFICATIONS----------------------

AI Accelerator - Coding Temple

Completion Date: 17th May 2024

AI Accelerator Certificate of Completion

ISSUED TO

Yessica Sosa

Learn Python Basics for Data Analysis - Coursera

Certificate # 7013630753

Delivered on February 7, 2023

Certificate of achievement

Yessica Sosa

has validated and earned the certificate:
Learn Python Basics for Data Analysis

Mathieu Nebra,
Cofounder of OpenClassrooms

Certificate # 7013630753 - Delivered on February 7, 2023

OPENCLASSROOMS

Diploma in Cyber Security - HSC Oxford

Registration number 426970

Completion Date: 24th June 2023

OHSC

Confirmation of Course Enrollment

Date: 24th June 2023

Course Start Date: 23rd June 2023

To whom it may concern,

This letter serves to confirm that:

Yessica Sosa

has been enrolled in the following online course:

Cyber Security (Short Course)

During this course, the candidate will be assessed through a series of written assignments and projects in English.

If you have any further questions, please do not hesitate to contact me.

Yours sincerely,

Adnan Naseem
Director - Learning
